Assurant Supplemental Coverage

Plans that pay cash benefits right to you

Accident

Time Insurance Company

Assurant Health is the brand name for products underwritten and issued by Time Insurance Company.

Cash benefits to help pay the unpredictable costs that come with accidental injuries

Whether an injury is yours, your spouse's or your child's, it can mean spending money you didn't plan to, worrying about where you'll get the cash for medical costs, or worse yet, lost income. **With Accident Coverage, you get cash benefits for treatment of injuries** — and they're benefits paid in addition to any other coverage you may have. Best of all, it's cash in hand you can use any way you choose, which helps you and your family focus on healing.

- **Cash benefits add up** — you get multiple cash benefits, paid for each covered injury or service — even for the same accident
- **Benefits while you recover** — including follow-up treatment, physical therapy and prosthetics
- **No overall annual or lifetime limits** — benefits available no matter how many times you need them
- Benefits begin immediately — **no waiting period**
- Choose any doctor or hospital for services — **no network restrictions**
- **No preauthorization** required

Accident Coverage

Accident Coverage

Simple, affordable plans that protect you from the financial burden an accident can bring.

- A Easy to obtain – just a few basic questions – no medical exam
- B Coverage available to you, your spouse and/or your dependent children
 - Your cost doesn't increase with age or the number of covered children
 - Guaranteed renewable for life
- C Choice of coverage options to meet your needs and budget:
 1. Choose **24-Hour Coverage** or **Off-the-Job Coverage**
 2. Choose **Level 1** or **Level 2** – see the next page for benefits

Why Accident Coverage?

Assurant Health's Accident Coverage pays cash benefits right to you — in addition to any benefit you may receive from any other coverage. This is especially important if your medical coverage has limited benefits or a high deductible, which leaves you with medical expenses that your accident benefits can help you cover.

How your benefits add up

For any accident after your coverage begins, you get benefits for each covered injury and service — multiple benefits that you can receive again and again.

Example:

Sue was in a car accident on her way to work. Fortunately, her Accident Coverage provided the following benefits – and financial peace of mind – so she could focus on her recovery:

SERVICE	BENEFIT
• Ambulance to the hospital	\$200
• Emergency room treatment	\$100
• One-day hospital stay	\$1,300
• Dental work (broken tooth)	\$400
• Dislocated ankle	\$1,250
• Follow-up treatment	\$35
• Physical therapy (3 visits)	\$105

Sue received **\$3,390 in addition** to the benefits paid by her auto and medical coverage

Sample benefits are for Level 2 coverage. Actual services and benefits may vary.
